

AREA CONTROL TEXT

Southern Area Control: **[North/Central: replace “Southern” with your area]**

[NC call sign] this is [your call sign] opening the Southern Area of the Golden Bear Net for mobile stations or stations with traffic to list – your call sign ONLY please.

[Repeat this twice]

Are there any relays? [Once]

Attention Southern Area for roll call. [Read through the current roll call.]

[At your discretion you can pause in the middle of roll call for relays on stations you might have missed. The Net Control and the other two Area Controls can interrupt you at any time with relays – all others should wait until called for. Any Area Members passing traffic are automatically checked in.]

That concludes the roll call for the Southern Area as I have it. Are there any late or missed members in the Southern Area? Members only at this time. Any relays?

We will pick up late members and visitors at the completion of the roll call.

[NC call sign] this is [your call sign], back to Net Control.

2nd time through

[NC call sign] this is [your call sign] opening the Southern Area and all Areas for late member check-ins – late members only and your call letters ONLY please.

Are there any relays on late member check-ins?

The Southern Area and All Areas are now open for visitor check-ins – your call letters ONLY please.

[Repeat as necessary]

Are there any relays on visitor check-ins?

[NC call sign] this is [your call sign] back to Net Control.

[Please note: to benefit the Net Control, it is very important for the Area Control to repeat the call sign of any mobile, late or missed member, or visitor when they check in]
